

TALLAALKA

Qaado mudditaankaaga si aad caafimaad ugu joogto

Tallaaladu waa mudditaanka kaa caawiya in aanad bukoon

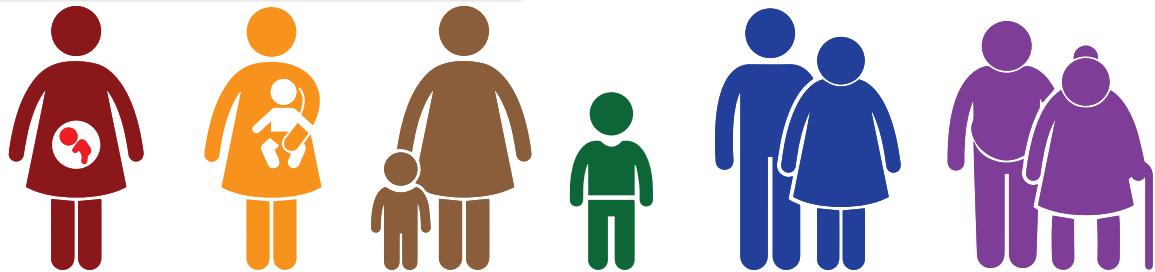

SABABTEE AYAAN UGU BAAHANAHAY TALLAALKA?

Dalka Maraykanka, cuduro badan oo ay dadku ku bukoon jireen mar hadda waa ay ka tageen. Mid ka mid ah sababaha ugu muhiimsan waa isticmaalka tallaalka. Tallaalka waxa uu caawiyaa in laga hortago cudurka loo gudbin karo qof ilaa qof kale. Markaad hesho mudditaanka aad u baahantahay, waxaad naftaada ka ilaalisaa iyo kuwa aad jeceshahayba in ay bukoodaan.

SIDEE AYAY TALLAALKU U SHAQEYYAAN?

Tallaalka waxaa laga sameeyee fayras la mid ah (sidoo kale loogu yeedho jeermis) kaas oo sababa cudurka, jeermiska loo isticmaalo in laga sameeyo tallaalka mid uun wuu "dhintay" ama waa "daciif". Kuma bukoon doontid, waxay ka caawin doontaa in jidhkaagu la dagaalamo jeermiska iyo cudurka ay sababaaan.

KUMAA U BAAHAN TALLAALKA?

MA JIRTAAD SAAMAYN TABBAN?

Dadka qaar waxay yeeshaan saamayn tabban oo yar ka dib markay qaataan mudditaankooda. Tani waxay ku tagtaa maalin ama labba.

Xanuun/Casaan

Finan Yar yar

Xumad Degen

Dadka qaar waxay leeyihii mid dhif ah, oo saamayn tabban oo xun ah ka dib mary qaataan mudditaankooda. Wakhtiyada badankooda, waxay dhici doontaa dhowr miridh ama dhowr saacadood ka dib markay qaataan mudditaanka.

Adkaansho Neefsashada ah

Dareemaya Dawakh

Finan/Cun cun

Barar Hunguriga ah

TALLAALADEE AYAAN U BAAHANAHAY?

Shaxda dhinaca kale waxa ay muujinaysaa nooca mudditaanka dadka waa wayn iyo carruurtu u baahantahay. Dadka waa way nee aan qaadan dhammaan mudditaanada markay carruur ahaayeen waxay u baahan doonaa mudditaan dheeraad ah. La hadal dhakhtarkaaga si aad u ogaato kuwa ay yihiin mudditaanka aad u baahantahay.
